1st Regional Conference in Biotechnology: Focus on Biofuels and Bioenergy

**July 30-31, 2009
Traders Hotel**

Objectives

- To provide a venue for interaction of technologists and experts in the public and private sectors on R & D in Biotechnology.
- To expand the academic network of Member Institutions by exploring collaboration with Non-member Institutions on potential R & D projects in the region.
- To establish and implement institutional linkages among academe, industry, and government for the advancement of Biotechnology.
- To disseminate the research outputs of scholars and their mentors under the Collaborative Research program of AUN/SEED-Net particularly those of researchers engaged in Biotechnology research.

Scope of Conference

Contributions in the following areas are welcome

- Biofuels and Bioenergy
- Other biotechnology fields, such as:
 - Food Science and Technology
 - Biomedical Materials
 - Miscellaneous topics on Biotechnology

Types of Contributions

The conference will feature both oral and poster presentations. A competition will be held for the best poster presentation and a special certificate of recognition will be given to the winner during the closing ceremonies. There will be plenary presentations focusing on biofuels and bioenergy from invited speakers.
