International Conference and Research Forum
Biotechnology: Harnessing the Potential of Biological Resources

9-11 August 2006
Hotel Supreme Convention Plaza,
Magsaysay Avenue, Baguio City

EVENT BRIEFER

Rationale

The conference aims to update the faculty members, students and researchers on the world-wide trends on biotechnology specifically on food, animal, plant, microbial and industrial biotechnology. Part of the conference is a research forum where our stakeholders of higher education can share their research results in the field (please see the attached sheet re call for papers).

Award for Best Oral and Poster Paper

There will be an award for the best oral and poster paper from among the participants. One of the goals of the conference is to organize the scientific workers of biotechnology for networking and linkages for more efficient knowledge exchange.

About the Resource Persons

Invited are internationally renowned scientists in the field of biotechnology to be our plenary speakers. Thus, our graduate students and faculty members as well as researchers will surely benefit from the sharing of information and establishing contacts with respected biotechnologists from Australia, Germany, Japan, Italy and the Philippines.

Registration Fees

Registration fee of P4,500 for live – in participants covers hotel accommodation for two nights at quadruple sharing, meals during the seminar, kits and attendance to all sessions. Graduate students and early registrants and live-out participants are privileged to lower rates. .

Interested participants are requested to pre-register to be assured of slots to the seminar – workshop. Participation to this international conference is endorsed by the Commission on Higher Education in the Philippines.
