

INTERNATIONAL CONFERENCE
Biotechnology: Harnessing the Potential of Biological Resources
August 9-11, 2006
Hotel Supreme, Baguio City

PROGRAM

Day 1: August 9, 2006

- 8:00-1:00 Registration
- 1:30-2:00 Opening Program
- 2:00-3:00 State of the Art of Biotechnology Research and Discoveries
- 3:00-3:15 Coffee Break
- 3:15-5:15 Bacterial Cellulose: Not Just Nata de Coco
Prof. Dr. Gary Dykes
University of Queensland, Australia
- 5:15-6:00 Poster Presentation
- 7:00-9:00 Welcome Dinner, International Night

Day 2: August 10, 2006

- 8:00-10:00 Chromosomal Techniques in Animal Breeding
Prof. Dr. Midori Yoshizawa
Faculty of Agriculture, Utsunomiya University, Japan
- 10:00-10:15 Coffee Break
- 10:15-12:15 Animal Biotechnology: from Artificial Insemination to Cloning
Dr. Giorgio A. Presicce
ARSIAL
Centro Regionale per la Zootecnia
Rome, Italy
- 12:15-2:00 Lunch Break
- 2:00-6:00 Research Forum
Researchers and Graduate Students from Different Higher Education
Institutions
- 7:00-9:00 Dinner Meeting
Organization of the Biotechnologists Network in Asia

Day 3: August 11, 2006

- 8:00-10:00 Fungal Glucans: Isolation, Characterization and Application
PD Prof. Dr. Udo Rau
Institute of Biotechnology and Biochemistry
Technical University of Braunschweig, Germany
- 10:00-10:15 Coffee Break
- 10:15-12:15 Rice Biotechnology
Dr. Cheng
Co-Director
PHIL-SINO Center for Agricultural Technology
Science City of Munoz, Nueva Ecija
- 12:15-1:00 Closing Program and Distribution of Certificates
