

## **ACKNOWLEDGEMENT**

The *Regional Conference on Agricultural Biotechnology* was coordinated by the Policy Studies Project (PSP), a special project under the Research and Development Department of the SEAMEO Regional Center for Graduate Study and Research in Agriculture (SEARCA) based in Los Baños, Laguna, Philippines.

The conference-workshop, held in Bangkok, Thailand, on 29-30 June 2000, had the theme “*Biotechnology Research and Policy: Needs and Priorities in the Context of Southeast Asia’s Agricultural Objectives.*”

The materials contained in this proceedings report were derived from the said conference. The contributions of all paper presenters, plenary session chairs, and participants in the discussion are gratefully acknowledged.

The publication of this report was coordinated by Prof. Evelyn Mae T. Mendoza of the Institute of Plant Breeding, College of Agriculture, University of the Philippines Los Baños (IPB-CA-UPLB). Editing was done by the editorial staff of SEARCA’s Communication and Publications Unit (ComPub). Cover design and the logo used during the conference were all executed by Mr. Rodger Dennis M. Valientes of the R&D Department.

The conference-workshop was made possible through the generous support of the Food and Agriculture Organization of the United Nations (FAO) and the Asia and the Pacific Seed Association (APSA). In addition, the organizers would like to thank Dr. Emil Q. Javier of the CGIAR, Dr. Sutat Sriwatanapongse of Thailand’s Biodiversity Center, Dr. R.B. Singh of FAO, for officiating the opening ceremony, and Dr. Randy A. Hautea of ISAAA for the advice during the preparatory stages of the conference.
